

## Creative E-Learning for Children's Services and Healthcare

## Our Children's Services and Healthcare E-Learning Courses provide an engaging way to:

- Reach the large number of practitioners who need training
- Act as a pre-learner to, reminder or refresher of face to face training
- Provide interactive individual, group, or team learning
- Use as individual programmes or to complement each other

Early Help Assessment

Kwango delivers high quality e-learning to help local authorities, trusts and agencies achieve greater efficiency and cost effectiveness.

## What do our customers say about our e-learning?

“ Kwango e-learning is an excellent way of presenting complex subjects to a range of staff. They are a valuable resource to busy workers who are short of time. We use them for both individual and group learning. The one-off fees make Kwango E-Learning good value. ” Reading

“ The CSE course is clear with a good mix of information and interviews. It is easy to navigate and allows the learner to pick up where they last finished the session rather than having to start at the beginning all over again. It forms an important part of our learning provision and a key part of our objective to ensure that all practitioners have access to training around this important area. It is also extremely useful as a resource to be utilised in face to face training.”  
Enfield LSCB

“ Your Safeguarding Children e-learning programme is now mandatory for all staff up to and including the chief Executive. ”  
Northamptonshire PCT

“ I have looked at many different e-learning packages from various companies and your programmes again remind me of how professional you are and what good quality your e-learning is. Thanks for all you are doing for us.”  
Wokingham

“ You have supplied us with a great e-learning tool to cascade to our partner organisations. ”  
Hampshire

“ Thanks, Integrated Working is great. I just sat through the whole thing and am really impressed. Thanks for all your hard work. I am sure that this will be received by colleagues just as positively as the CAF, Safeguarding Children and InformationSharing modules. ”  
Cambridgeshire

“ Kwango is providing Gloucestershire with an innovative and cost-effective solution to the challenges faced by all local authorities; implementing learning programmes on a large scale across Children’s and Adult services. ”  
Gloucestershire
